MR. GOBBLER AND FAMILY HAVE PREMONITION OF SLAUGHTER.

PREPARING FOR WORST

He Will Sell For 20 Cents Per Pound For Thanksgiving—Turkeys Are Plentiful.

Mr. Turkey Gobbler, well known in these parts for his splendid meat, is now preparing his last will and testament, and his mate and all her children are getting ready for the worst—for the day of Thanksgiving for humanity and of sorrow and grief for the larger members of the feathered tribe is fast approaching. Farmers have been heard to say that all of the fowls of the farmyard seem to have a premonition of the destiny that awaits them, as about this time of the year there is great commotion among them, and even the tamest of the flock are hard to catch from the first of November to the first of January, says the Creston Advertiser-Gazette.

Turkeys are plentiful in this part of the country this year, and it is thought that the price at Thanksgiving and Christmas time will be nearer the size of the purse of the laboring man than for a good many years past. The dry weather of the spring and summer was favorable for turkey raising, and the few farmers that give attention to it say they saved more of the young turkeys last summer than ever before. The farmer is now getting 12½ cents per pound for live turkeys, and unless there is an increase between now and Thanksgiving they will cost the consumer 20 cents per pound dressed, or 2½ cents per pound cheaper than a year ago. Geese are now selling for 12½ cents per pound dressed, ducks for about 20 cents per pound dressed, and chickens for 15 cents dressed.

The pumpkin, the chief requisite of the Thanksgiving pastry, is not to be found in abundance this year, as it usually is. The dry season was hard on the plant that produces the big yellow fruit, and as a consequence where the farmer planted many seeds last spring with the expectation of having pumpkins by the wagon load this fall, they were only scattered when it came time to gather them and the largest are not much larger than the smallest in other years. The celery now on the market here is grown in California. It did not do much good around here the past season, and all that was raised is already used. Cranberries are also scarce and are bringing a higher price this winter than for a good many years. Oysters are of the finest quality this year.

The members of every household look forward to a bounteous Thanksgiving dinner. The majority probably prefer turkey in the meat line, although there are some that say they would rather have chicken, while still others prefer goose or duck. At any rate it will be possible for every economical housewife, whether she decides to have turkey, chicken, duck or goose, to spread the table with the many luxuries of the season at a comparatively nominal price.

Mrs. Sarah Bergen of Burlington Junction was in Maryville, returning home Thursday evening from a month's visit with Mrs. D. Houston and Mrs. John Shinabargar of Hopkins.

REGARDS FOSS AS A "HOPE."

But Underwood is a Standpatter, Bryan's Commoner Says.

Lincoln, Neb., Nov. 17.—Praise of Governor Foss of Massachusetts as a presidential possibility and criticism of Harmon and Underwood feature the first page of Bryan's editorial comment in today's issue of the Commoner. Of Foss, Bryan says:

The re-election of Governor Foss in Massachusetts on a radical platform advances his stock in the presidential market. He was elected a year ago and is now re-elected on a platform that leaves no doubt as to his positive and aggressive stand for remedial legislation. If you are a progressive Democrat, read the Massachusetts platform and the election returns and then ask yourself, "What's the matter with Foss?"

The Commoner is not attempting to express an opinion as to the relative availability of the various progressives who are being discussed, but it takes pleasure in calling attention to the fact that Governor Foss is not only one of the men to be considered, but to the further fact that his claims upon the party have been materially strengthened by the indorsement just given him by the voters of Massachusetts.

Mr. Bryan's judgment is that the Harmon strength is showing signs of shifting to Representative Underwood of Alabama, concerning whom Bryan says:

His nomination would, however, be unfortunate for the south, for his defeat would be wrongfully charged to his location instead of being charged, as it should be, to the fact that he is not in harmony with the progressive spirit of the day.

If the south wants the candidate, and there is no reason why that section should not have him, it should select some one who will appeal to the progressive element in all parties. It is hard enough for a Republican to be a standpatter now. A Democratic standpatter is more lonesome still.

If any Democrat has expected to carry the east with a plutocratic Democrat, he might as well give up the idea. There is no possible chance of the Democrats getting the Wall street support. If they win they must win with the aid of the progressive Republicans, and they cannot hope for that unless their candidate is a man about whose progressiveness there is no doubt.

Let the Democrats gird themselves for the fight and from now on demand a platform and ticket in harmony with the progressive sentiment of the country.

DANTE'S "INFERNO."

To Be Given in Motion Pictures at Empire Next Monday and Tuesday.

Never before has an attempt been made to present to the public work of the merit and magnitude possessed by Dante's "Inferno" until a band of renowned Italian artists determined to make this work accessible to the masses by arranging a representation of it in moving pictures. This gigantic task occupied more than two years, and engaged the arduous and unremitting efforts of these artists.

The result of their labors has been extraordinary. They have produced what must be regarded as the crowning achievement in moving pictures. The work, consisting of five reels and constituting a full evening's entertainment, will be presented with a suitable lecture and special music with effects at the Empire theater on Monday and Tuesday evenings, Nov. 20 and 21.

MARYVILLE MAY WELL ADOPT THE OLD ROMAN SLOGAN.

ANOTHER ONE PROPOSED

The Omaha-Kansas City Short Line is the Latest One Under Consideration.

Maryville seems to be the hub for a number of automobile highways. We are now on the Saints Highway from St. Joseph to Des Moines, and will soon be on the National Highway, a trail from Canada to the Gulf of Mexico.

The new automobile highway being proposed now is one from Kansas City to Omaha by the way of Maryville. Mr. McIntyre of Shenandoah, Ia., who is one of the backers of the new trail, was in Maryville Thursday in conference with Secretary G. B. Roseberry of the Commercial club in regard to the road.

The road from Omaha to St. Joseph has been practically decided on. From Omaha the white line trail will be taken to Shenandoah, and at that place the Waubesa trail taken to Clarinda, Ia. From Clarinda the trail will go to Burlington Junction, and then on to Maryville.

From Maryville the Saints Highway will be used to St. Joseph.

The name of the trail is to be called the Omaha-Kansas City Short Line.

The proposed trail will be established if it meets with enough encouragement from the various towns on the road.

Attorney E. G. Cook, one of the attorneys for Hez Rasco, received word Thursday that the Rasco case was docketed on the supreme court docket for hearing January 2, 1912. At this time the court will simply hear the case, and a decision will not be given until March or April.

Attorney Cook visited Rasco in the Buchanan county jail at St. Joseph this week and he says that Hez is feeling fine and is in the best of spirits.

Destroyed Household Goods.

Fire caught the interior of the residence occupied by Everett Herdeman and his wife, on North Maiberry street, Friday forenoon, and damaged the contents to such an extent that they are a total loss. The wall paper was burned and the woodwork was scorched. Mrs. Herdeman does not know how the fire started. She lit the gasoline stove to cook dinner and went out of doors to get a bucket of water, and when she returned the whole interior of the house was on fire. The work of the fire department saved the house from burning. Mr. Herdeman is employed as a tinner by the Campbell-Clark Hardware firm.

Pickering People Here.

James Saddler and his daughter Mrs. Fannie Vore; Charles Shoppell and his daughter, Miss Chloe Shoppell; Walter Johnson and John Young, all of Pickering, were in Maryville Friday attending court as witnesses in the John Young vs. Belle McArthur divorce suit. NORMALS HAD THEIR HANDS FULL TO DEFEAT THEM.

THEIR TEAM WORK GOOD

Visitors Defeated by Score of 30 to 28—Seymour of Normals Made Half the Points.

Contrary to all expectations, Coach Moore's State Normal basketball five had to play every bit of basketball they knew to defeat the fast Tarkio high school quintet Thursday night. Thursday's contest was the first game for the Normals, and their lack of team work was very evident. The Tarkio five are playing their second year with the same men, and their excellent team work Thursday night showed this fact.

The Normals took an early lead, but the Tarkio men strengthened as the half drew to a close, and the first half ended with the score a tie, 17 and 17.

To begin the second half, Coach Moore sent Perrin to center and Mitchell was shifted to Perrin's forward. The second period was a battle royal, and the score was one moment in favor of the visitors and the next minute the Normals were in the lead.

But when timekeeper Bent's whistle blew the score was 30 to 28 in favor of the Normal. For the visitors Dilly Thomas, the clever left forward was the shining star, while H. Seymour was the principal point getter of the Normal five. The big forward scored 15 of the Normals' 30 points. McClintock played a grand defensive game. His forward got but one goal.

The second half of the game was marred as the result of a dispute with Mr. Gowdy, the referee. He refereed a very good game, but was slightly rusty on the rules. Gowdy was a member of the Tarkio college team that trounced the Normals so soundly here three years ago.

The Tarkio team left on the Burlington train Friday for Clearfield, Ia., where they play tonight. On Saturday high school five at Bedford. The line-ups:

Tarkio—Ewing, right forward; Thomas, left forward; McPherson, center; Peterson, right guard; Hill, left guard.

Normal—H. Seymour, right forward; Perrin, left forward; Mitchell, center; McClintock, right guard; McGrew, left guard.

Summary—Field goals, Thomas 6, McPherson 2, Perrin 3, Seymour 6, Mitchell 2. Free throws, Thomas 8, Ewing 2, Perrin 5, Seymour 3. Two points awarded Tarkio. Referee, Gowdy, Tarkio. Umpire, Quinn, Maryville high school.

Largest Circulation in Nodaway County

In the case of the International Har-
vester company the supreme court is
about to unscramble another bad egg.

St. Joseph has a policeman who
must have been a night watch at a
goultry plant. He was detailed the
other day to arrest a fleeing burglar
described as having "a cap on." He
went out and soon returned with a
local citizen whom he found carrying
a rooster.

This promises to be a good winter
for the coal men and the clothing mer-
chant. We haven't consulted the
goosebone nor the corn husks, but the
law of averages indicates a cold win-
ter. The ultimate temperature of the
years will strike a common average
and the long hot summer must be
compensated either by a severe win-
ter or a cool summer in 1912.

Dudley A. Reid, formerly editor of
the Nodaway Forum of this city, an-
nounces that he has traded an inter-
est in his Bethany Democrat to W.
Claude Brown for the Gilman City
Guide. He also announces that he will
take a vacation from newspaper work
and accept an appointment at Wash-
ington during the coming session of
congress. Dudley has secured a live,
hunting partner and an excellent
printer in Mr. Brown, and his many
friends in this county will rejoice in
his good fortune in securing a berth at
Washington during the coming session
of congress, which will be the most in-
teresting and important session with-
in the past twenty years.

FRUITS OF BAD HABITS AND BAD COMPANY.

A freak of the law has just been de-
veloped in the case of a man in Kan-
sas. Two years ago he was arrested
while drunk in the company of an-
other party on the charge of stealing
a grip valued at \$7 from a train. He
was a stranger and he was sentenced
to the penitentiary for a term of seven
years. After he had served a year and
a half of the term it was proved that
his companion had stolen the grip and,
upon the recommendation of the pro-
secuting attorney and trial judge, the
governor paroled the convict. Why he
was not pardoned has not been ex-
plained.

After gaining his liberty the fellow
went to work and when he got out of
work in Kansas he left the state. He
thus violated his parole and he was
brought back and again put in prison.
He was a stranger in Kansas when
first arrested, and his past record has
not been without blemish, so it is very
likely that he will have to serve the
remainder of the seven years for a
crime which it is admitted he did not
commit. He has but one hope of lib-
erty. If the newspapers make enough
noise public sentiment may be aroused
to the point of urging fair play and
may get the case before the proper of-
ficials.

Such a condition not only illustrates
a ridiculous freak of the law, but it
also should serve as a warning to
young men that the penalty of bad
habits and bad company is frequently
severe. Character stains so made are
hard to wash out, and they are hard to
run away from. This unfortunate man
owes his dilemma to the fact that he
was drunk and in the company of a
self-confessed thief. The law in the-
ory presumes every man innocent un-
til he is proved guilty, but public sen-
timent generally rules the suspected
man guilty until he proves himself in-
nocent.

Need an Equipped Playground?" was
instructive. The round table discus-
sion was well conducted, and the aims
and practical methods of co-operating
and purposes of the Mothers' Circle
between home and school was talked
of from both the teachers' and par-
ents' standpoint. Miss Nelle Wray
and Miss Lillian Lindholm gave sev-
eral vocal numbers that added much
to the program. A visit to the emer-
gency room was enjoyed, and the Cir-
cle has every reason to feel proud of
their success in getting the room so
well equipped as it is. The board of
education had the walls tinted and the
floors stained and polished and the
Circle did the rest. There are three
beautiful rugs on the floor and the
furniture is the mission style, fin-
ished in leather, and consists of a
lounge, two easy chairs and one
straight chair. The cabinet is fur-
nished with everything that would be
needed in an ordinary case of sick-
ness or accident. The table is a fine
piece of workmanship and was made
and presented by the high school man-
ual training school. Some more pil-
lows would add to the comfort of the
room, as there is but one pillow.

Newspaper Law.

The preparation and publication of
a newspaper involves much mental
and physical labor as well as an out-
lay of money. One who accepts the
paper by continuously taking it from
the postoffice receives a benefit and
pleasure arising from such labor and
expenditure as fully as if he had ap-
propriated any other products or an-
other's labor, and by such act he must
be held liable for the subscription
price.—Missouri Court of Appeals.

CITY BASKET BALL LEAGUE.

If a Team Can Be Found to Take Place
of Business College.

Representatives of the Normal, high
school and Company F met at the
Normal Thursday night for the pur-
pose of organizing a four-team basket
ball league. But as the Business col-
lege refused to enter a team in the
tournament, the plan was abandoned.
If the committee can find a team to

team a city league will no doubt be
organized about the first of the year.

"The Rose Maiden."

A large audience will hear "The
Rose Maiden" at the First Christian
church Friday night, as the tickets
are selling readily. This will be the
greatest production of the kind ever
heard in Maryville, and that fact is
recognized by Maryville lovers of
music. Mr. Becker and his chorus
have been working hard a long time
on this oratorio, and it is to their
credit that such good music is being
presented to us. The soloists are well
known and popular, and the entire
chorus is in perfect training for ex-
ecuting this beautiful story in song.

Sixty voices in "The Rose Maiden" at
the Christian church Friday night.

Visiting Their Doctor Brothers.

FREE SAMPLE OF LAXATIVE CURED HIS CONSTIPATION

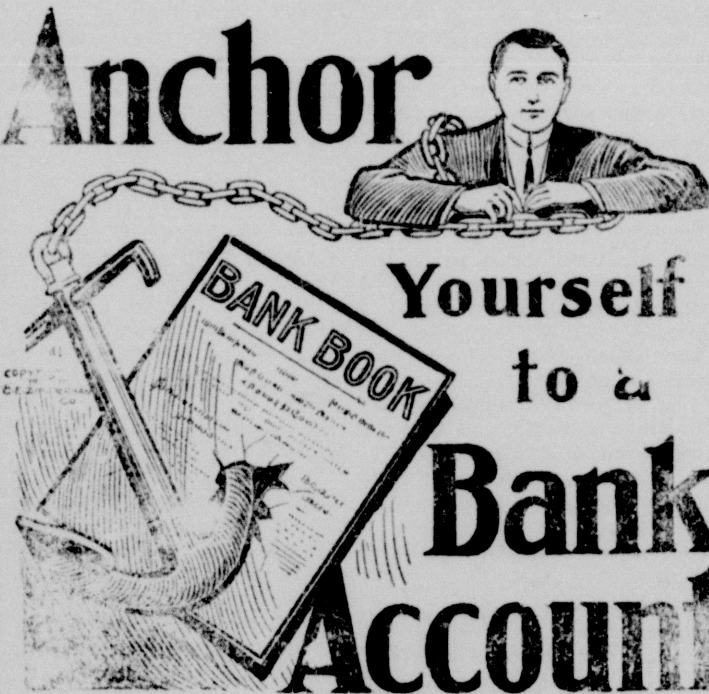

When a person has become dis-
couraged through years of failure to
find a cure, and finally, perhaps, gives
up trying, it is small wonder that he
becomes skeptical. And yet, to all
who have constipation, we would say,
"Try just one thing more."

We wish you would try Dr. Cald-
well's Syrup Pepsin, a laxative tonic
that has been used for a generation.
Thousands are using it; surely some
of your friends among the number.
You can buy it of any druggist at
fifty cents and one dollar a bottle, but
better still, send your name and ad-
dress to Dr. Caldwell for a free sam-
ple bottle. He will send you enough
to convince you of its merits, and
then if you like it you can buy it of
your druggist. Mr. J. J. Petty of Un-

ionville, Mo., Mr. George W. Zimmer-
man of Harrisburg, Pa., and many
others of both sexes and in all parts of
the country first used a sample bottle
and now have it regularly in the
house.

You will learn to do away with
salts, waters and cathartics for these
are but temporary reliefs while Dr.
Caldwell's Syrup Pepsin is guaranteed
to cure permanently. It will train
your stomach and bowel muscles so
that they will do their work again
naturally without outside aid. Cast
aside your skepticism and try Syrup
Pepsin.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys. Be cured to stay cured.

Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unusual and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for the United States.

PACKERS TRY FOR DELAY

Judge Kohlsaat However, Gives Government First Blood in Fight.

FILED MOTION TO QUASH WRIT

Indicted Men Were Not Arrested, Therefore Could Not Be Released on Habeas Corpus, Claim of Prosecution.

Chicago, Nov. 17.—Judge Kohlsaat gave the government first blood in the packers' hearing on the writ of habeas corpus, when he permitted Attorney James Sheehan to file a motion to quash the writ with affidavits in support of the motion, and adjourned court one hour to permit the preparation of counter affidavits by the packers.

Attorney Sheehan for the government brought a distinguished audience of legal and judicial talent to its feet when moved to quash the writ.

"Your honor," said Mr. Sheehan, "we have interposed a motion to quash. It is the contention of the government that these defendants surrendered voluntarily to the United States marshal, and that they have never at any time been under detention or in custody. This being true, the government contends that the writ of habeas corpus could not properly issue and the court is without jurisdiction."

Attorney Levy Mayor for the packers at once interposed with the announcement that he stood ready to argue the legality of the writ.

"We are filing a motion to quash," said Mr. Sheehan, "and in that connection we propose to file affidavits in support of the motion."

The court: "There is nothing to prevent your filing affidavits."

Louis P. Swift, Edward F. Swift, Edward Tilden, Arthur Meeker, Edward Morris and Francis A. Fowler sat close together inside the rail. The other men indicted, with the exception of J. Ogden Armour, who is abroad, sat close by.

The court room was crowded to the doors by men distinguished in the law.

When Judge Kohlsaat ascended the bench a great crowd of well known commercial and financial figures thronged the corridors and blocked the doors.

When court resumed after a recess of an hour, the packers again sought delay.

The direct assertion that the writ of habeas corpus in the packers' case was "improvidently" issued by Judge Kohlsaat and that he has no right to review the decisions of the supreme court in the Standard Oil company and the tobacco trust, was made in behalf of the government.

After nearly three hours of preliminary argument Attorney Sheehan began the argument on the government's plea that Judge Kohlsaat had no jurisdiction to issue the writ which has blocked the prosecution of the packers.

SOLDIERS READY TO MOVE

PHILIPPINE TROOPS PREPARE FOR DUTY IN CHINA.

Not to Leave Except on President's Order—Needed as Part of International Police.

Washington, Nov. 17.—Not a soldier will leave the Philippines for China except on orders from President Taft. Such orders have not yet been given, and it is said that before acting the president is awaiting the arrival in Washington of Secretary Stimson and Maj. Gen. Leonard Wood, chief of staff, who are returning from the West.

In anticipation of the issuance of the order the War Department has made every preparation for a speedy movement of the regiment from Manila to Wing Tao on the railroad running from Peking by way of Tientsin to Mukden. The organization which will be sent has not yet been selected. It is presumed the choice will fall on one of the infantry regiments, of which there are now three at Manila or close by. Any one of these could be landed in Ching Wing Tao in about six or seven days.

Representations were made in an unofficial manner to the State Department several days ago by some of the foreign ministers in China, through the American legation, that it was incumbent on the United States to furnish troops as part of an international police force to keep open the railroads from Peking to the sea and also to protect foreigners in the event of anarchy.

State department dispatches show that the financial situation in China is becoming critical; that there are less than 4 million taels in the treasury (probably equivalent to about 3 million dollars) including gifts from court funds. Fear is expressed that if the loyal troops are not paid they will revolt or disband.

TAR MOB LEADERS PLEAD GUILTY

E. G. Clark, Capitalist, Abandons Elaborate Preparations for Defense—No Women in Court.

Lincoln, Kan., Nov. 17.—With state and defense in readiness for a protracted legal struggle and with Lincoln county on tip toe, awaiting the first clash in the prosecution of some of its representative men, the bottom suddenly dropped out of the most important of the much-discussed "tar party" trials.

Everett G. Clark, miller, promoter and capitalist, alleged to have been the leader in the attack on Miss Mary Chamberlain August 7, last, abruptly abandoned his elaborate preparations for defense when court convened, and entered a plea of guilty to the charge of assault and battery.

Similar pleas were made by Jay Fitzwater and Watson Scranton, associated with Clark in the prosecution in the district court.

Clark's capitulation came after his failure to obtain a continuance and before his application for a change of venue, had been argued in court. Attorneys for the state appeared for the hearing, armed with 180 affidavits made by the residents in all parts of the county, asserting that there was not sufficient prejudice against Clark and his associates to make a fair trial impossible.

A remarkable feature of the hearing was that while the court room was packed by a curious crowd, not a woman or a minor was present. Even Miss Chamberlain, the chief witness for the prosecution, did not appear at the forenoon session. The activity of the Women's Civic League of Lincoln county is responsible for the exclusion of minors from the trial and for women shunning the court room.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are 50, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

LACK OF ACTION IS CRITICISED

Speakers Grill Commercial Congress for Not Getting Busy.

RIVER IMPROVEMENT IMPORTANT

Judge Cowan of Texas, Thinks Vital Subjects Affecting the West Should be Given More Attention.

Kansas City, Nov. 17.—Five speakers addressed the Trans-Mississippi congress during the afternoon at the Shubert theater. The session opened at 2 o'clock and continued until 5:30 o'clock. No business was transacted. Discussion and action on the various subjects presented in addresses to the congress has been prevented by the multiplicity of speakers. The work of passing on the various topics discussed by the speakers has been left to the committee on resolutions, which has been so busy that its members have been unable to hear the greater part of the speeches made.

A small audience heard speakers on "The Improvement of Inland Waterways for Navigation," "Life Insurance and Justice," "National Industrial Conditions" and the "Live Stock Industry." The delegates to the congress have been surfeited with speeches and are impatient for some action to be taken on the various matters brought to the consideration of the congress.

Two of the speakers, Congressman Charles F. Booher of Savannah, Mo., and Judge Samuel H. Cowan of Fort Worth, Tex., had the hardihood to criticize the congress for taking up too many subjects and not taking action on any of them. The Savannah congressman thought that river improvement was the most important matter before the congress and urged that definite action be taken by the delegates. Inasmuch as the twenty-second session of the congress was called to consider Missouri river improvement, the delegates present agreed with the congressman and expressed their sentiment in hearty applause of the suggestion.

"We should not try to consider the Encyclopedia Britannica, but confine ourselves to a few vital points that entirely affect the West," Judge Cowan declared. Again the sparsely filled theater applauded the sentiment.

"We are not here to run the gamut of the world's problems," Judge Cowan continued, "but to take definite action on questions that we in the West are vitally interested in. We should get down to business on these points and go on record, unambiguously if possible, in such a way that the rest of the country would know that there is a Trans-Mississippi congress and have a genuine respect for its action."

Other speakers were: John Burke, governor of North Dakota and president of the Upper Mississippi River Improvement association; Darwin P. Kingsley, president of the New York Life Insurance company, and John H. Kirby of Houston, Tex.

Three Stables Destroyed, Together With Horses and Mules—Loss Over \$8,000.

Lee's Summit, Mo., Nov. 17.—Fire broke out in the horse and mule barns on the corner of Second and West Main streets at 12:10 a. m., destroying the building. The barns were brick with composition roof and were owned by Miss Dorothy Cooper of Kansas City. The fire spread to three private barns across the alley, burning them to the ground. One of the barns was owned by Colonel Younger, one by A. J. Sigfried and the third by Richard Williams. The volunteer fire department, with two streams of water, prevented the loss of the three dwellings near the barns. Seven head of mules and one horse were burned to death in the barn owned by Miss Cooper. The live stock was owned by W. H. Maxwell of Lee's Summit. Miss Cooper's barn was valued at \$8,000, with \$4,000 insurance. The three private barns were partly insured. The fire was of incendiary origin, it is believed.

Convict Finds Friends.

Iola, Kan., Nov. 17.—Sentiment in Iola, which has been against John Healy because he has been in prison before and was drunk when arrested, is beginning to swing to the man who is in the Kansas penitentiary for a crime another man committed. It is being admitted that as a matter of justice Healy should be released, no matter what his past record may have been. The case is the topic of the town and the majority of the expressions are all to the effect that Healy should be released without further delay.

A Train Kills a Farmer.

Springfield, Mo., Nov. 17.—David Everly, a retired farmer of Ash Grove, Mo., was run down by a freight train while crossing a bridge over the Sac river. He was 79 years old and a veteran of the civil war.

ALREADY FEELS AX

MR. GOBBLER AND FAMILY HAVE PREMONITION OF SLAUGHTER.

PREPARING FOR WORST

He Will Sell For 20 Cents Per Pound For Thanksgiving—Turkeys Are Plentiful.

Mr. Turkey Gobbler, well known in these parts for his splendid meat, is now preparing his last will and testament, and his mate and all her children are getting ready for the worst—for the day of Thanksgiving for humanity and of sorrow and grief for the larger members of the feathered tribe is fast approaching. Farmers have been heard to say that all of the fowls of the farmyard seem to have a premonition of the destiny that awaits them, as about this time of the year there is great commotion among them, and even the tamest of the flock are hard to catch from the first of November to the first of January, says the Creston Advertiser-Gazette.

Turkeys are plentiful in this part of the country this year, and it is thought that the price at Thanksgiving and Christmas time will be nearer the size of the purse of the laboring man than for a good many years past. The dry weather of the spring and summer was favorable for turkey raising, and the few farmers that give attention to it say they saved more of the young turkeys last summer than ever before. The farmer is now getting 12½ cents per pound for live turkeys, and unless there is an increase between now and Thanksgiving they will cost the consumer 20 cents per pound dressed, or 2½ cents per pound cheaper than a year ago. Geese are now selling for 12½ cents per pound dressed, ducks for about 20 cents per pound dressed, and chickens for 15 cents dressed.

The pumpkin, the chief requisite of the Thanksgiving pastry, is not to be found in abundance this year, as it usually is. The dry season was hard on the plant that produces the big yellow fruit, and as a consequence where the farmer planted many seeds last spring with the expectation of having pumpkins by the wagon load this fall, they were only scattered when it came time to gather them and the largest are not much larger than the smallest in other years. The celery now on the market here is grown in California. It did not do much good around here the past season, and all that was raised is already used. Cranberries are also scarce and are bringing a higher price this winter than for a good many years. Oysters are of the finest quality this year.

The members of every household look forward to a bounteous Thanksgiving dinner. The majority probably prefer turkey in the meat line, although there are some that say they would rather have chicken, while still others prefer goose or duck. At any rate it will be possible for every economical housewife, whether she decides to have turkey, chicken, duck or goose, to spread the table with the many luxuries of the season at a comparatively nominal price.

Mrs. Sarah Bergen of Burlington Junction was in Maryville, returning home Thursday evening from a month's visit with Mrs. D. Houston and Mrs. John Shinabargar of Hopkins.

REGARDS FOSS AS A "HOPE."

But Underwood is a Standpatter, Bryan's Commoner Says.

Lincoln, Neb., Nov. 17.—Praise of Governor Foss of Massachusetts as a presidential possibility and criticism of Harmon and Underwood feature the first page of Bryan's editorial comment in today's issue of the Commoner. Of Foss, Bryan says:

The re-election of Governor Foss in Massachusetts on a radical platform advances his stock in the presidential market. He was elected a year ago and is now re-elected on a platform that leaves no doubt as to his positive and aggressive stand for remedial legislation. If you are a progressive Democrat, read the Massachusetts platform and the election returns and then ask yourself, "What's the matter with Foss?"

The Commoner is not attempting to express an opinion as to the relative availability of the various progressives who are being discussed, but it takes pleasure in calling attention to the fact that Governor Foss is not only one of the men to be considered, but to the further fact that his claims upon the party have been materially strengthened by the indorsement just given him by the voters of Massachusetts.

Mr. Bryan's judgment is that the Harmon strength is showing signs of shifting to Representative Underwood of Alabama, concerning whom Bryan says:

His nomination would, however, be unfortunate for the south, for his defeat would be wrongfully charged to his location instead of being charged, as it should be, to the fact that he is not in harmony with the progressive spirit of the day.

If the south wants the candidate, and there is no reason why that section should not have him, it should select some one who will appeal to the progressive element in all parties. It is hard enough for a Republican to be a standpatter now. A Democratic standpatter is more lonesome still.

If any Democrat has expected to carry the east with a plutocratic Democrat, he might as well give up the idea. There is no possible chance of the Democrats getting the Wall street support. If they win they must win with the aid of the progressive Republicans, and they cannot hope for that unless their candidate is a man about whose progressiveness there is no doubt.

Let the Democrats gird themselves for the fight and from now on demand a platform and ticket in harmony with the progressive sentiment of the country.

DANTE'S "INFERNO."

To Be Given in Motion Pictures at Empire Next Monday and Tuesday.

Never before has an attempt been made to present to the public work of the merit and magnitude possessed by Dante's "Inferno" until a band of renowned Italian artists determined to make this work accessible to the masses by arranging a representation of it in moving pictures. This gigantic task occupied more than two years, and engaged the arduous and unremitting efforts of these artists. The result of their labors has been extraordinary. They have produced what must be regarded as the crowning achievement in moving pictures. The work, consisting of five reels and constituting a full evening's entertainment, will be presented with a suitable lecture and special music with effects at the Empire theater on Monday and Tuesday evenings, Nov. 20 and 21.

ALL ROADS LEAD TO—

MARYVILLE MAY WELL ADOPT THE OLD ROMAN SLOGAN.

ANOTHER ONE PROPOSED

The Omaha-Kansas City Short Line is the Latest One Under Consideration.

Maryville seems to be the hub for a number of automobile highways. We are now on the Saints Highway from St. Joseph to Des Moines, and will soon be on the National Highway, a trail from Canada to the Gulf of Mexico.

The new automobile highway being proposed now is one from Kansas City to Omaha by the way of Maryville. Mr. McIntyre of Shenandoah, Ia., who is one of the backers of the new trail, was in Maryville Thursday in conference with Secretary G. B. Roseberry of the Commercial club in regard to the road.

The road from Omaha to St. Joseph has been practically decided on. From Omaha the white line trail will be taken to Shenandoah, and at that place the Waubesa trail taken to Clarinda, Ia. From Clarinda the trail will go to Burlington Junction, and then on to Maryville.

From Maryville the Saints Highway will be used to St. Joseph.

The name of the trail is to be called the Omaha-Kansas City Short Line.

The proposed trail will be established if it meets with enough encouragement from the various towns on the road.

Destroyed Household Goods.

Fire caught the interior of the residence occupied by Everett Herdeman and his wife, on North Malberry street, Friday forenoon, and damaged the contents to such an extent that they are a total loss. The wall paper was burned and the woodwork was scorched. Mrs. Herdeman does not know how the fire started. She lit the gasoline stove to cook dinner and went out of doors to get a bucket of water, and when she returned the whole interior of the house was on fire. The work of the fire department saved the house from burning. Mr. Herdeman is employed as a tinner by the Campbell-Clark Hardware firm.

TARKIO FIVE FAST

NORMALS HAD THEIR HANDS FULL TO DEFEAT THEM.

THEIR TEAM WORK GOOD

Visitors Defeated by Score of 30 to 28—Seymour of Normals Made Half the Points.

Contrary to all expectations, Coach Moore's State Normal basket ball five had to play every bit of basket ball they knew to defeat the fast Tarkio high school quintet Thursday night. Thursday's contest was the first game for the Normals, and their lack of team work was very evident. The Tarkio five are playing their second year with the same men, and their excellent team work Thursday night showed this fact.

The Normals took an early lead, but the Tarkio men strengthened as the half drew to a close, and the first half ended with the score a tie, 17 and 17.

To begin the second half, Coach Moore sent Perrin to center and Mitchell was shifted to Perrin's forward. The second period was a battle royal, and the score was one moment in favor of the visitors and the next minute the Normals were in the lead.

But when timekeeper Bent's whistle blew the score was 30 to 28 in favor of the Normal. For the visitors Dilly Thomas, the clever left forward was the shining star, while H. Seymour was the principal point getter of the Normal five. The big forward scored 15 of the Normals' 30 points. McClintock played a grand defensive game. His forward got but one goal.

The second half of the game was marred as the result of a dispute with Mr. Gowdy, the referee. He refereed a very good game, but was slightly rusty on the rules. Gowdy was a member of the Tarkio college team that trounced the Normals so soundly here three years ago.

The Tarkio team left on the Burlington train Friday for Clearfield, Ia., where they play tonight. On Saturday high school five at Bedford. The line-ups:

Tarkio—Ewing, right forward; Thomas, left forward; McPherson, center; Peterson, right guard; Hill, left guard.

Normal—H. Seymour, right forward; Perrin, left forward; Mitchell, center; McClintock, right guard; McGrew, left guard.

Summary—Field goals, Thomas 6, McPherson 2, Perrin 3, Seymour 6, Mitchell 2. Free throws, Thomas 8, Ewing 2, Perrin 5, Seymour 3.

Two points awarded Tarkio.

Referee, Gowdy, Tarkio.

Umpire, Quinn, Maryville high school.

In the case of the International Har-
vester company the supreme court is
about to unscramble another bad egg.

St. Joseph has a policeman who
must have been a night watch at a
poultry plant. He was detailed the
other day to arrest a fleeing burglar
described as having "a cap on." He
went out and soon returned with a
local citizen whom he found carrying
a rooster.

This promises to be a good winter
for the coal men and the clothing mer-
chant. We haven't consulted the
goosebone nor the corn husks, but the
law of averages indicates a cold win-
ter. The ultimate temperature of the
years will strike a common average
and the long hot summer must be
compensated either by a severe win-
ter or a cool summer in 1912.

Dudley A. Reid, formerly editor of
the Nodaway Forum of this city, an-
nounces that he has traded an inter-
est in his Bethany Democrat to W.
Claude Brown for the Gilman City
Guide. He also announces that he will
take a vacation from newspaper work
and accept an appointment at Wash-
ington during the coming session of
congress. Dudley has secured a live,
flourishing partner and an excellent
printer in Mr. Brown, and his many
friends in this county will rejoice in
his good fortune in securing a berth at
Washington during the coming session
of congress, which will be the most in-
teresting and important session with-
in the past twenty years.

FRUITS OF BAD HABITS AND BAD COMPANY.

A freak of the law has just been de-
veloped in the case of a man in Kan-
sas. Two years ago he was arrested
while drunk in the company of an-
other party on the charge of stealing
a grip valued at \$7 from a train. He
was a stranger and he was sentenced
to the penitentiary for a term of seven
years. After he had served a year and
a half of the term it was proved that
his companion had stolen the grip and,
upon the recommendation of the pro-
secuting attorney and trial judge, the
governor paroled the convict. Why he
was not pardoned has not been ex-
plained.

After gaining his liberty the fellow
went to work and when he got out of
work in Kansas he left the state. He
thus violated his parole and he was
brought back and again put in prison.
He was a stranger in Kansas when
first arrested, and his past record has
not been without blemish, so it is very
likely that he will have to serve the
remainder of the seven years for a
crime which it is admitted he did not
commit. He has but one hope of lib-
erty. If the newspapers make enough
noise public sentiment may be aroused
to the point of urging fair play and
may get the case before the proper of-
ficials.

Such a condition not only illustrates
a ridiculous freak of the law, but it
also should serve as a warning to
young men that the penalty of bad
habits and bad company is frequently
severe. Character stains so made are
hard to wash out, and they are hard to
run away from. This unfortunate man
owes his dilemma to the fact that he
was drunk and in the company of a
self-confessed thief. The law in the-
ory presumes every man innocent un-
til he is proved guilty, but public sen-
timent generally rules the suspected
man guilty until he proves himself in-
nocent.

NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 1.)

Need an Equipped Playground?" was
instructive. The round table discus-
sion was well conducted, and the aims
and practical methods of co-operating
and purposes of the Mothers' Circle
between home and school was talked
of from both the teachers' and par-
ents' standpoint. Miss Nelle Wray
and Miss Lillian Lindholm gave sev-
eral vocal numbers that added much
to the program. A visit to the emer-
gency room was enjoyed, and the Cir-
cle has every reason to feel proud of
their success in getting the room so
well equipped as it is. The board of
education had the walls tinted and the
floors stained and polished and the
Circle did the rest. There are three
beautiful rugs on the floor and the
furniture is the mission style, fin-
ished in leather, and consists of a
lounge, two easy chairs and one
straight chair. The cabinet is fur-
nished with everything that would be
needed in an ordinary case of sick-
ness or accident. The table is a fine
piece of workmanship and was made
and presented by the high school man-
ual training school. Some more pil-
lows would add to the comfort of the
room, as there is but one pillow.

Newspaper Law.

The preparation and publication of
a newspaper involves much mental
and physical labor as well as an out-
lay of money. One who accepts the
paper by continuously taking it from
the postoffice receives a benefit and
pleasure arising from such labor and
expenditure as fully as if he had ap-
propriated any other products or an-
other's labor, and by such act he must
be held liable for the subscription
price.—Missouri Court of Appeals.

CITY BASKET BALL LEAGUE.

If a Team Can Be Found to Take Place
of Business College.

Representatives of the Normal, high
school and Company F met at the
Normal Thursday night for the pur-
pose of organizing a four-team basket
ball league. But as the Business col-
lege refused to enter a team in the
tournament, the plan was abandoned.
If the committee can find a team to
take the place of the Business college
team a city league will no doubt be
organized about the first of the year.

"The Rose Maiden."

A large audience will hear "The
Rose Maiden" at the First Christian
church Friday night, as the tickets
are selling readily. This will be the
latest production of the kind ever
heard in Maryville, and that fact is
recognized by Maryville lovers of
music. Mr. Becker and his chorus
have been working hard a long time
on this oratorio, and it is to their
credit that such good music is being
presented to us. The soloists are well
known and popular, and the entire
chorus is in perfect training for ex-
ecuting this beautiful story in song.

FREE SAMPLE OF LAXATIVE CURED HIS CONSTIPATION

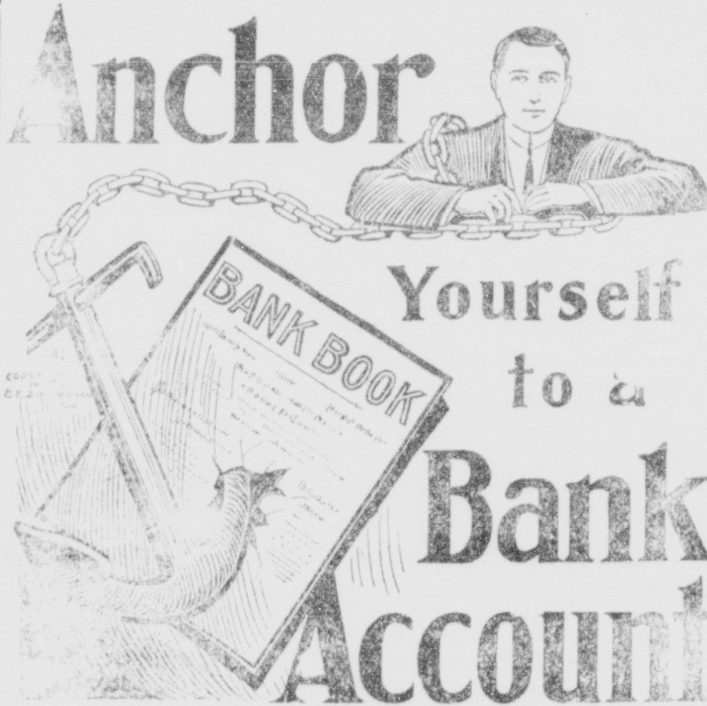

When a person has become dis-
couraged through years of failure to
find a cure, and finally, perhaps, gives
up trying, it is small wonder that he
becomes skeptical. And yet, to all
who have constipation, we would say,
"Try just one thing more."

well's Syrup Pepsin, a laxative tonic
that has been used for a generation.
Thousands are using it; surely some
of your friends among the number.
You can buy it of any druggist at
fifty cents and one dollar a bottle, but
better still, send your name and ad-
dress to Dr. Caldwell for a free sam-
ple bottle. He will send you enough
to convince you of its merits, and
then if you like it you can buy it of
your druggist. Mr. J. J. Petty of Un-

ionville, Mo., Mr. George W. Zimmer-
man of Harrisburg, Pa., and many
others of both sexes and in all parts of
the country first used a sample bottle
and now have it regularly in the
house.

You will learn to do away with
salts, waters and cathartics for these
are but temporary reliefs while Dr.
Caldwell's Syrup Pepsin is guaranteed
to cure permanently. It will train
your stomach and bowel muscles so
that they will do their work again
naturally without outside aid. Cast
aside your skepticism and try Syrup
Pepsin.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys. Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for the United States.

PACKERS TRY FOR DELAY

Judge Kohlsaat However, Gives Government First Blood in Fight.

FILED MOTION TO QUASH WRIT

Indicted Men Were Not Arrested, Therefore Could Not Be Released on Habeas Corpus, Claim of Prosecution.

Chicago, Nov. 17.—Judge Kohlsaat gave the government first blood in the packers' hearing on the writ of habeas corpus, when he permitted Attorney James Sheehan to file a motion to quash the writ with affidavits in support of the motion, and adjourned court one hour to permit the preparation of counter affidavits by the packers.

Attorney Sheehan for the government brought a distinguished audience of legal and judicial talent to its feet when moved to quash the writ.

"Your honor," said Mr. Sheehan, "we have interposed a motion to quash. It is the contention of the government that these defendants surrendered voluntarily to the United States marshal, and that they have never at any time been under detention or in custody. This being true, the government contends that the writ of habeas corpus could not properly issue and the court is without jurisdiction."

Attorney Levy Mayor for the packers at once interposed with the announcement that he stood ready to argue the legality of the writ.

"We are filing a motion to quash," said Mr. Sheehan, "and in that connection we propose to file affidavits in support of the motion."

The court: "There is nothing to prevent your filing affidavits."

Louis P. Swift, Edward F. Swift, Edward Tilden, Arthur Meeker, Edward Morris and Francis A. Fowler sat close together inside the rail. The other men indicted, with the exception of J. Ogden Armour, who is abroad, sat close by.

The court room was crowded to the doors by men distinguished in the law.

When Judge Kohlsaat ascended the bench a great crowd of well known commercial and financial figures thronged the corridors and blocked the doors.

When court resumed after a recess of an hour, the packers again sought delay.

The direct assertion that the writ of habeas corpus in the packers' case was "imprudently" issued by Judge Kohlsaat and that he has no right to review the decisions of the supreme court in the Standard Oil company and the tobacco trust, was made in behalf of the government.

After nearly three hours of preliminary argument Attorney Sheehan began the argument on the government's plea that Judge Kohlsaat had no jurisdiction to issue the writ which has blocked the prosecution of the packers.

Friendly Blow Not Murder.

An Old Kansas Editor Dead.

Mt. Ayr.

Quite a number in this community are on the sick list at present.

J. R. Jones and family have the sympathy of the entire community over the sudden death of their little child, which died last Thursday.

Rev. Royston of the Barnard charge is conducting a series of meetings at Arkoe at present.

Grandma Riley is reported to be very sick at present.

Master Earl Schoonover has been absent from school for a few days on account of a bad case of tonsillitis.

The estimating community of the Barnard charge met last Tuesday at Arkoe and placed the salary of their pastor, Rev. Royston, at eight hundred and fifty dollars and parsonage.

Ben Heitman has about completed the erection of a fine large new barn. We hear of some corn selling as high as 60 cents per bushel.

F. Schweikhardt and J. A. Carmichael were business visitors in Arkoe Tuesday.

William Moxingo is attending court these days.

Seed corn is going to be a scarce article next spring, as it is hard to find many perfect ears.

SOLDIERS READY TO MOVE

PHILIPPINE TROOPS PREPARE FOR DUTY IN CHINA.

Not to Leave Except on President's Order—Needed as Part of International Police.

Washington, Nov. 17.—Not a soldier will leave the Philippines for China except on orders from President Taft. Such orders have not yet been given, and it is said that before acting the president is awaiting the arrival in Washington of Secretary Stimson and Maj. Gen. Leonard Wood, chief of staff, who are returning from the West.

In anticipation of the issuance of the order the War Department has made every preparation for a speedy movement of the regiment from Manila to Wing Tao on the railroad running from Peking by way of Ties Tsun to Mukden. The organization which will be sent has not yet been selected. It is presumed the choice will fall on one of the infantry regiments, of which there are now three at Manila or close by. Any one of these could be landed in Ching Wing Tao in about six or seven days.

Representations were made in an unofficial manner to the State Department several days ago by some of the foreign ministers in China, through the American legation, that it was incumbent on the United States to furnish troops as part of an international police force to keep open the railroads from Peking to the sea and also to protect foreigners in the event of anarchy.

State department dispatches show that the financial situation in China fast is becoming critical; that there are less than 4 million taels in the treasury (probably equivalent to about 3 million dollars) including gifts from court funds. Fear is expressed that if the loyal troops are not paid they will revolt or disband.

TAR MOB LEADERS PLEAD GUILTY

E. G. Clark, Capitalist, Abandons Elaborate Preparations for Defense—No Women in Court.

Lincoln, Kan., Nov. 17.—With state and defense in readiness for a protracted legal struggle and with Lincoln county on tip toe, awaiting the first clash in the prosecution of some of its representative men, the bottom suddenly dropped out of the most important of the much-discussed "tar party" trials.

Everett G. Clark, miller, promoter and capitalist, alleged to have been the leader in the attack on Miss Mary Chamberlain August 7, last, abruptly abandoned his elaborate preparations for defense when court convened, and entered a plea of guilty to the charge of assault and battery.

Similar pleas were made by Jay Fitzwater and Watson Scranton, associated with Clark in the prosecution in the district court.

Clark's capitulation came after his failure to obtain a continuance and before his application for a change of venue, had been argued in court. Attorneys for the state appeared for the hearing, armed with 180 affidavits made by the residents in all parts of the county, asserting that there was not sufficient prejudice against Clark and his associates to make a fair trial impossible.

A remarkable feature of the hearing was that while the court room was packed by a curious crowd, not a woman or a minor was present. Even Miss Chamberlain, the chief witness for the prosecution, did not appear at the forenoon session. The activity of the Women's Civic League of Lincoln county is responsible for the exclusion of minors from the trial and for women shunning the court room.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are 50, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Direct from the coast. They are large enough to fry, and don't you know a New York Oyster is lighter in color and a finer flavor than Baltimore stock. They come to us in five-gallon cans SEALED. No ice ever put in the Oysters. Compare our Oysters with others and you can see the difference. We sell the solid meat. NO WATER. A trial will convince you we are right on the Oyster question.

Dear Amy:-

Everyone should go to bed happy and get up happy. Then they'll work better and earn more. I feel truly sorry for people who are able, but either too stingy or too careless to buy beautiful beds and bedroom furniture.

John goes to his bed humming a tune and gets up whistling. I have such a nice room for him. That's why he is such a success in business.

With Love,

Lou

LACK OF ACTION IS CRITICISED

Speakers Grill Commercial Congress for Not Getting Busy.

RIVER IMPROVEMENT IMPORTANT

Judge Cowan of Texas, Thinks Vital Subjects Affecting the West Should be Given More Attention.

Kansas City, Nov. 17.—Five speakers addressed the Trans-Mississippi congress during the afternoon at the Shubert theater. The session opened at 2 o'clock and continued until 5:30 o'clock. No business was transacted. Discussion and action on the various subjects presented in addresses to the congress has been prevented by the multiplicity of speakers. The work of passing on the various topics discussed by the speakers has been left to the committee on resolutions, which has been so busy that its members have been unable to hear the greater part of the speeches made.

A small audience heard speakers on "The Improvement of Inland Waterways for Navigation," "Life Insurance and Justice," "National Industrial Conditions" and the "Live Stock Industry." The delegates to the congress have been surfeited with speeches and are impatient for some action to be taken on the various matters brought to the consideration of the congress.

Two of the speakers, Congressman Charles F. Booher of Savannah, Mo., and Judge Samuel H. Cowan of Fort Worth, Tex., had the hardihood to criticize the congress for taking up too many subjects and not taking action on any of them. The Savannah congressman thought that river improvement was the most important matter before the congress and urged that definite action be taken by the delegates. Inasmuch as the twenty-second session of the congress was called to consider Missouri river improvement, the delegates present agreed with the congressman and expressed their sentiment in hearty applause of the suggestion.

"We should not try to consider the Encyclopedia Britannica, but confine ourselves to a few vital points that entirely affect the West," Judge Cowan declared. Again the sparsely filled theater applauded the sentiment.

"We are not here to run the gamut of the world's problems," Judge Cowan continued, "but to take definite action on questions that we in the West are vitally interested in. We should get down to business on these points and go on record, unanimously if possible, in such a way that the rest of the country would know that there is a Trans-Mississippi congress and have a genuine respect for its action."

Other speakers were: John Burke, governor of North Dakota and president of the Upper Missouri River Improvement association; Darwin P. Kingsley, president of the New York Life Insurance company, and John H. Kirby of Houston, Tex.

BARN BURNERS AT LEE'S SUMMIT

Three Stables Destroyed, Together With Horses and Mules—Loss Over \$8,000.

Lee's Summit, Mo., Nov. 17.—Fire broke out in the horse and mule barns on the corner of Second and West Main streets at 12:10 a. m., destroying the building. The barns were brick with composition roof and were owned by Miss Dorothy Cooper of Kansas City. The fire spread to three private barns across the alley, burning them to the ground. One of the barns was owned by Colonel Younger, one by A. J. Sigfried and the third by Richard Williams. The volunteer fire department, with two streams of water, prevented the loss of the three dwellings near the barns. Seven head of mules and one horse were burned to death in the barn owned by Miss Cooper. The live stock was owned by W. H. Maxwell of Lee's Summit. Miss Cooper's barn was valued at \$8,000, with \$4,000 insurance. The three private barns were partly insured. The fire was of incendiary origin, it is believed.

Convict Finds Friends.

Iola, Kan., Nov. 17.—Sentiment in Iola, which has been against John Healy because he has been in prison before and was drunk when arrested, is beginning to swing to the man who is in the Kansas penitentiary for a crime another man committed. It is being admitted that as a matter of justice Healy should be released, no matter what his past record may have been. The case is the topic of the town and the majority of the expressions are all to the effect that Healy should be released without further delay.

A Train Kills a Farmer.

Springfield, Mo., Nov. 17.—David Evely, a retired farmer of Ash Grove, Mo., was run down by a freight train while crossing a bridge over the Sac river. He was 79 years old and a veteran of the civil war.
